

(UNI) BPM

Baggage Handling Edition

Sample of BPM Interface

Reliable Scalable Baggage Processed Message Feature

JMR's Modern BPM Service, built-in to Uni Conductor, is also available as a stand-alone service that provides real-time BPM updates for a compatible BHS system.

UNI BPM Solution includes the following:

- *Baggage Processed Message Service (BPM)*

UNI BPM supports multiple existing BHS sortation systems for easy integration and upgradeability. UNI BPM also supports multiple existing Airline Interfaces for BPM message communication.
